Contents of Volume 15

JANUARY-FEBRUARY 1985

2 **Telecom Managers Debate Certification,** Albin R. Meier
7 **Emerging Competitive Environment in International Telecommunications,** C. Douglas Jarrett
13 **Compensating Personnel in the Telecommunications Department,** Deborah J. Thobe and John D. McMillan
19 **SMDR — Designing a Resource Management Tool,** Rebecca R. Field
28 **Washington Perspective:** The AT&T and GTE Consent Decrees — One Decree Too Many, by Victor J. Toth
30 **New Product:** Pioneering: It's a Dirty Job, But Somebody's Got to Do It!
33 **Office Automation Strategies:** Local Area Networks: IBM and AT&T, by John McQuillan
35 **Regulatory Developments:** Status of Major FCC Inquiries
40 **Communicating on the Go:** How to Select Your Car Phone, by Stuart Crump
42 **BCR Seminars**
47 **Consultant's Corner:** Centrex's Continuing Saga, by Richard A. Kuehn

MARCH-APRIL 1985

2 **Views of the Telecom Twilight Zone,** Fred S. Knight
8 **Is Do-It-Yourself Database Design for You?,** Maggie Klenke
13 **The AT&T Settlement: An Unsettled View,** Daniel J. Gallagher
19 **Win/Win Negotiating: The Federal-State Joint Board's Access Charge Decision,** Kim R. Scovill
23 **Options for Call Accounting,** George Moskoff
27 **Washington Perspective:** Let's Get On With Deregulation — Correctly!, by Victor J. Toth
30 **New Product:** Northern Telecom's Meridian Family
34 **Personal View:** Responding to RFPs: Advice From a Frustrated User, by David Metz
36 **Office Automation Strategies:** Doing Business Electronically — Part 1, by John McQuillan
39 **Communicating on the Go:** Calculating the Value of Cellular Service, by Stuart Crump
41 **BCR Seminars**
46 **BCR Stock Index**
47 **Consultant's Corner:** Northern Teleco's Adjunct Processor Approach, by Richard A. Kuehn

MAY-JUNE 1985

2 **Wang Bids for the Integrated Office Market,** Albin R. Meier
7 **Adapting RFPs for Shared Tenant Services,** Jim Sinopoli
11 **Staffing the Telecommunications Department: Part 1,** James H. Geiss
16 **The Transborder Data Flow Phenomenon,** Brian Sulmonetti
21 **Managing the Installation of a Telephone System — 1985,** Jim Gordon, Maggie Klenke & Karen Harrison
27 **Washington Perspective:** Throwing Good Money After Bad — The Independents Go for Equal Access
31 **New Product:** Software Defined Network Offerings: AT&T and ISACOMM, by John Bridges and Joaquin Gonzales
38 **Office Automation Strategies:** Doing Business Electronically — Part 2, by John McQuillan
41 **Data Comm Focus:** Data Comm Tutorial — Part 1: Overview, by Michael F. Finneran
50 **Communicating on the Go:** Alternatives to Cellular Radio, by Stuart Crump
52 **BCR Seminars**
55 **BCR's Stock Index**
56 **Consultant's Corner:** Why Are Good Customer Support and Service So Tough to Find?

JULY-AUGUST 1985

2 **Centrex Positions Itself for Your Future,** Paul F. Kirvan
7 **Surviving Close Encounters with LANs and Fiber Optics,** William A. Morgan and Lew Glendenning
11 **Staffing the Telecommunications Department: Part II,** James H. Geiss
16 **Issues Confronting the Shared Tenant Services Industry,** Jim Sinopoli
20 **Does Equal Access Have a Place in Automatic Route Selection Patterns?,** Michael T. Hills
26 **Voice and Data over Cable TV: Mapping Out the Hurdles,** John Urban
31 **Voice: The First and Latest Frontier in Office Communications,** W. Spencer Rice
35 **Washington Perspective:** The FCC Defers to State Law on Long-Term CPE "Contracts", by Victor Toth
38 **Office Automation Strategies:** Doing Business Electronically — Part 3: Micro Mainframe Links, by John McQuillan
40 **Data Comm Focus:** Data Comm Tutorial — Part 2: Modems, by Michael F. Finneran
45 **Communicating on the Go:** Equipping the Corporate Fleet with Car Telephones, by Stuart Crump
47 **BCR Seminars**
50 **BCR Stock Index**
51 **Consultant's Corner:** Small is Beautiful on ICA Exhibit Floor, by Richard A. Kuehn

SEPTEMBER-OCTOBER 1985

2 **An Exclusive BCR Survey: Data Communications and Voice/Data Integration,** Jerry A. Goldstone
7 **ISDN — The Networking Architecture for Our Time,** H. Charles Baker and Robert M. Wienski
15 **Is There a Business Case for ISDN?,** Albin R. Meier and Fred S. Knight
20 **Managing the Future Network: Tactics, Technology and Trauma,** Alan Y. Schaevitz
27 **PBX — T1 Interfaces,** Frank P. Howly
32 **Washington Perspective:** AT&T's New Private Line Tariffs — Part 1: Tariff Structure, by Victor Toth
40 **Strategic Thinking:** A Framework for Strategic Thinking: AT&T and IBM, by Michael Killen
43 **Office Automation Strategies:** Doing Business Electronically — Part 4: Electronic Document Distribution, by John McQuillan
46 **Data Comm Focus:** Data Comm Tutorial — Part 3: Statistical and T1 Multiplexers
52 **BCR Seminars**
55 **BCR Stock Index**
56 **Consultant's Corner:** Trendy Centrex Still has Problems, by Richard A. Kuehn

NOVEMBER-DECEMBER 1985

2 **Getting Ready for ISDN,** Robert M. Wienski and H. Charles Baker
7 **Virtual Networking Design,** Marcus D. Canipe, Jr.
15 **FDVULAC,** David M. Nevers
18 **Dynamics of the Buyer-Vendor Relationship,** James H. Geiss
21 **Washington Perspective:** AT&T's New Private Line Tariffs — Part 2: Services, Functions and Features
27 **New Product:** AT&T's New MEGACOM Service, by John Bridges
30 **Strategic Thinking:** The Situation: The Starting Point in Strategic Thinking, by Michael Killan
32 **Doing Business Electronically:** Hybrid Networks, by John McQuillan
35 **Data Comm Focus:** Packet Switching, by Michael F. Finneran
41 **Spotlight on Fiber Optics:** Taking the Cure for Fiber Fever: IBM's 3044 Channel Extender, by William A. Morgan
44 **Personal View:** The Innovative Mr. Drucker, by Lee A. Goeller
47 **Communicating on the Go:** Despite Current Problems, Cellular's Future Is Bright, by Stuart Crump
49 **Network Design Forum:** by Michael T. Hills
51 **BCR Seminars**
53 **BCR Stock Index**
54 **Consultant's Corner,** Long Distance Woes Affect Users Large and Small, by Richard A. Kuehn
56 **Contents of Volume 15**
